

Ready for Fire Season?

Join the Mount Bache+ Firewise Community and Enjoy Greater Community Resilience and Lower Insurance Premiums!

Hello Neighbors!

On August 8, Lynn Sestak presented *Why Go Firewise* to our neighborhood and helped us take the first steps to create an NFPA-recognized Firewise community.

If you missed it, you can catch up at:
<https://github.com/winkleramy/Firewise>

We have since formed a five-member steering committee to lead the way and we need your help!

If you would like to participate in Firewise, please complete this survey about your property:
<https://forms.gle/Gf8wEL79A22A5UAR8>

Individual survey responses will only be seen by our steering committee. These responses will be aggregated - effectively anonymizing the information - and shared with the Firesafe Council and National Fire Protection Agency in our application to form an NFPA-recognized Firewise Community.

We need to show at least a 30% response rate to form our community. Please submit responses before September 30!

Participation at every stage is voluntary, but we hope you'll join us and participate as much as you can. Thanks in advance for your support!

Sincerely,

Your Mount Bache+ Firewise Steering Committee
