

MT BACHE LOMA PRIETA PLUS

UPDATE Q1 2025

WHO WE ARE

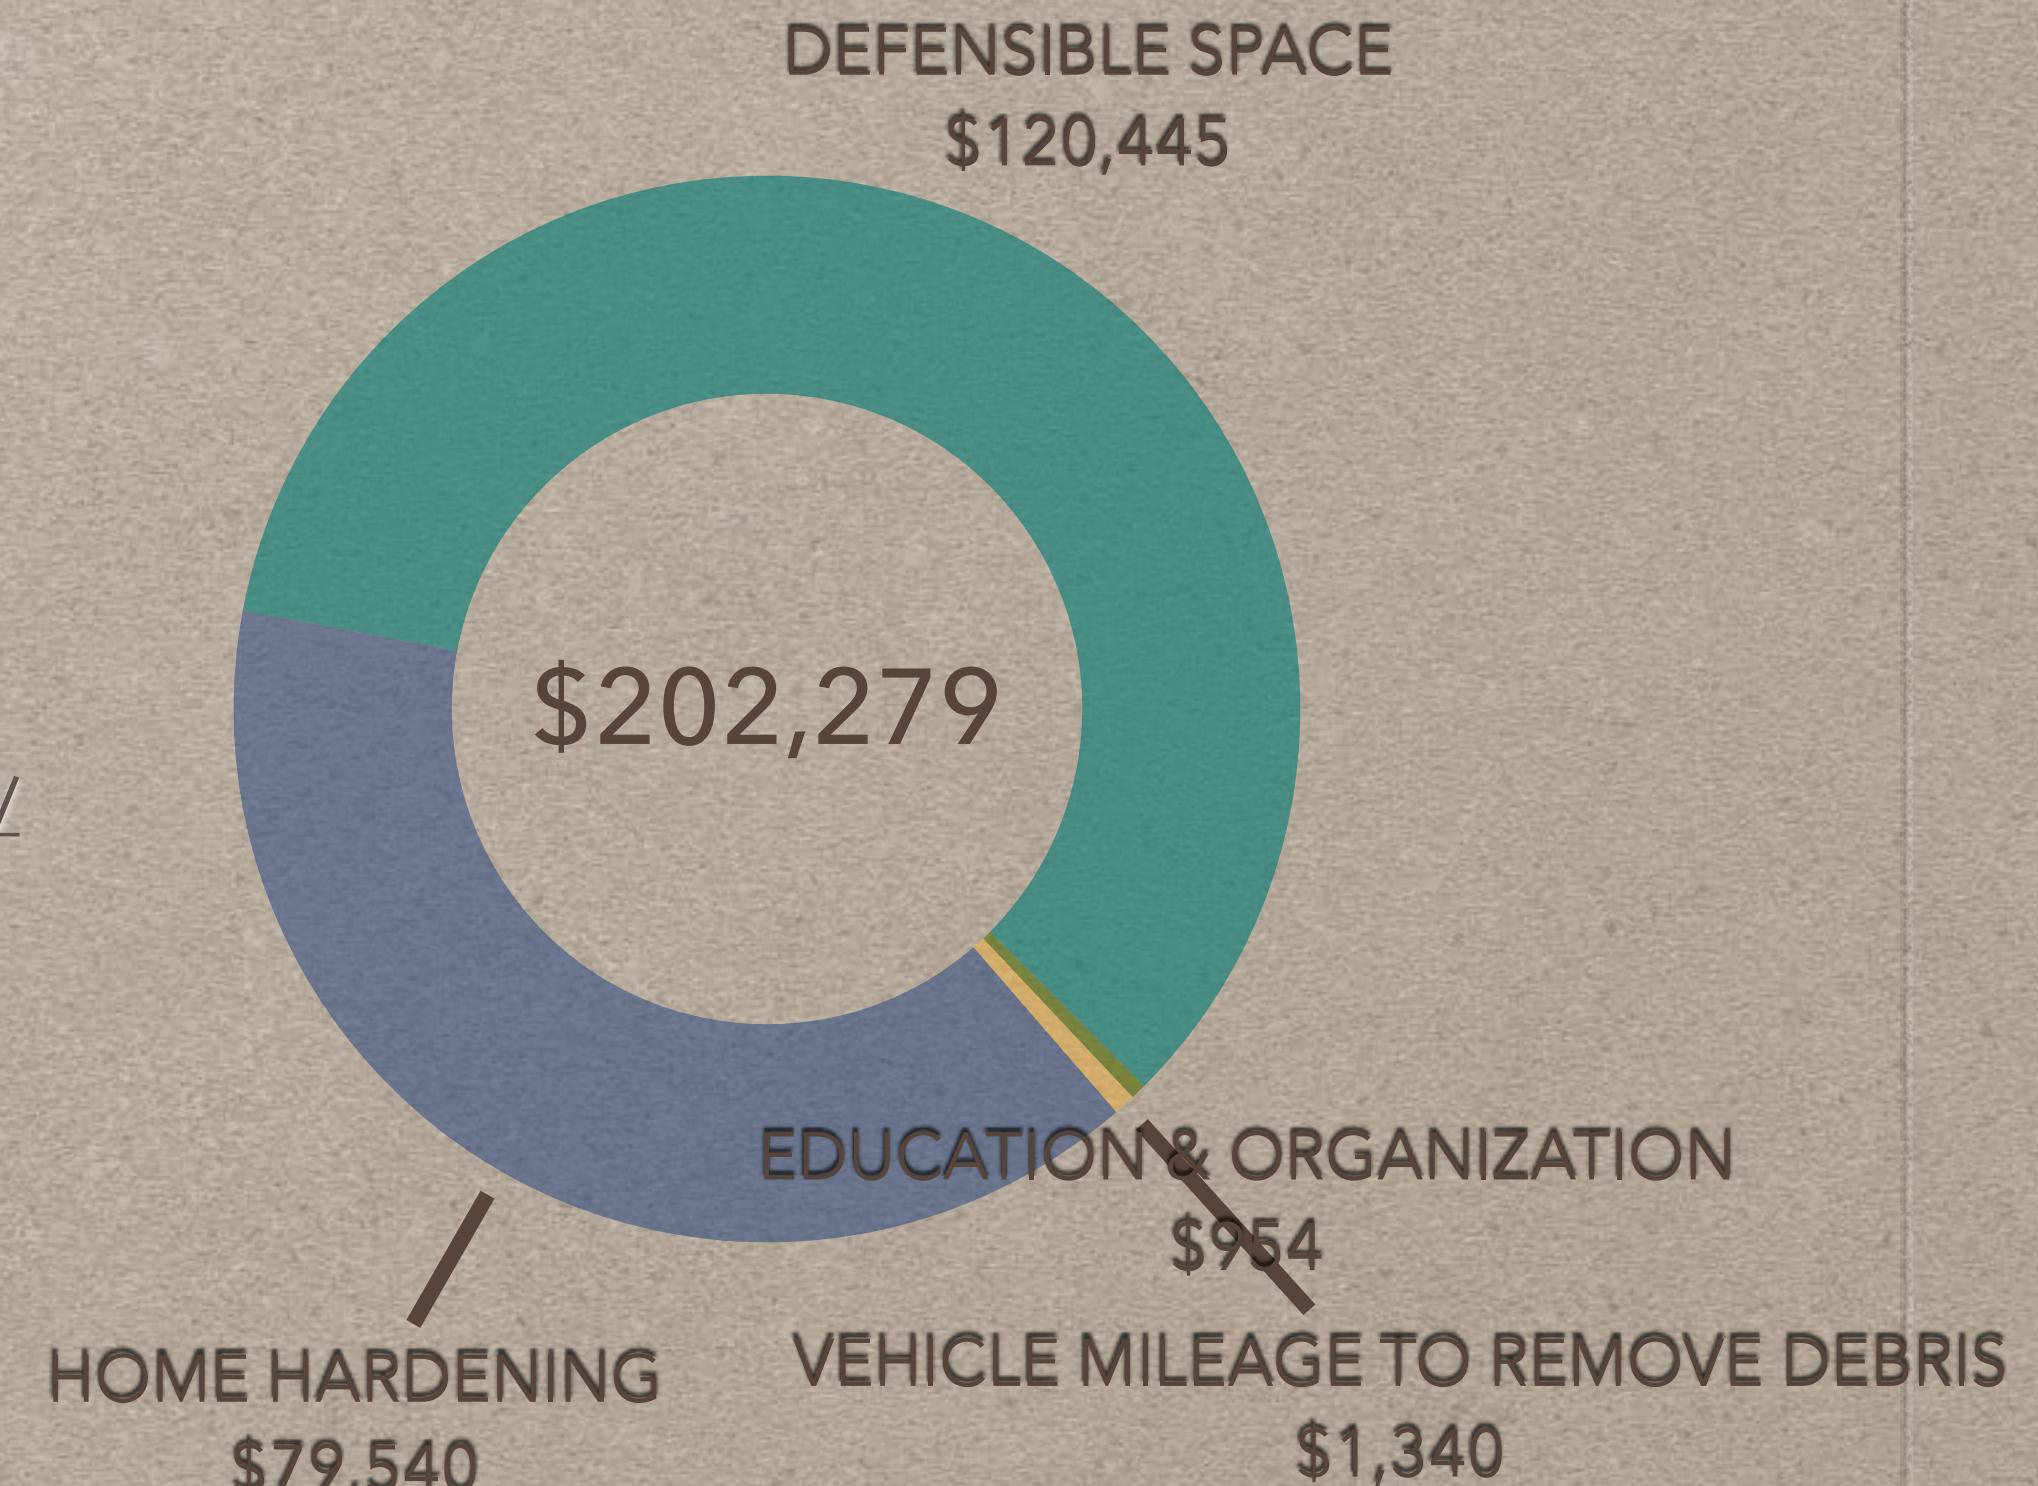

- Recognized as a Firewise Community by National Fire Protection Agency in December 2024
- Number of Parcels: 78
- Number of Dwellings: 76
- Number of Active Households: 33
- Steering Committee Members:
Amy Winkler, Marilyn Thelen,
Alyssa Plicka, Merry Fay

OUR WILDFIRE RESILIENCE INVESTMENTS

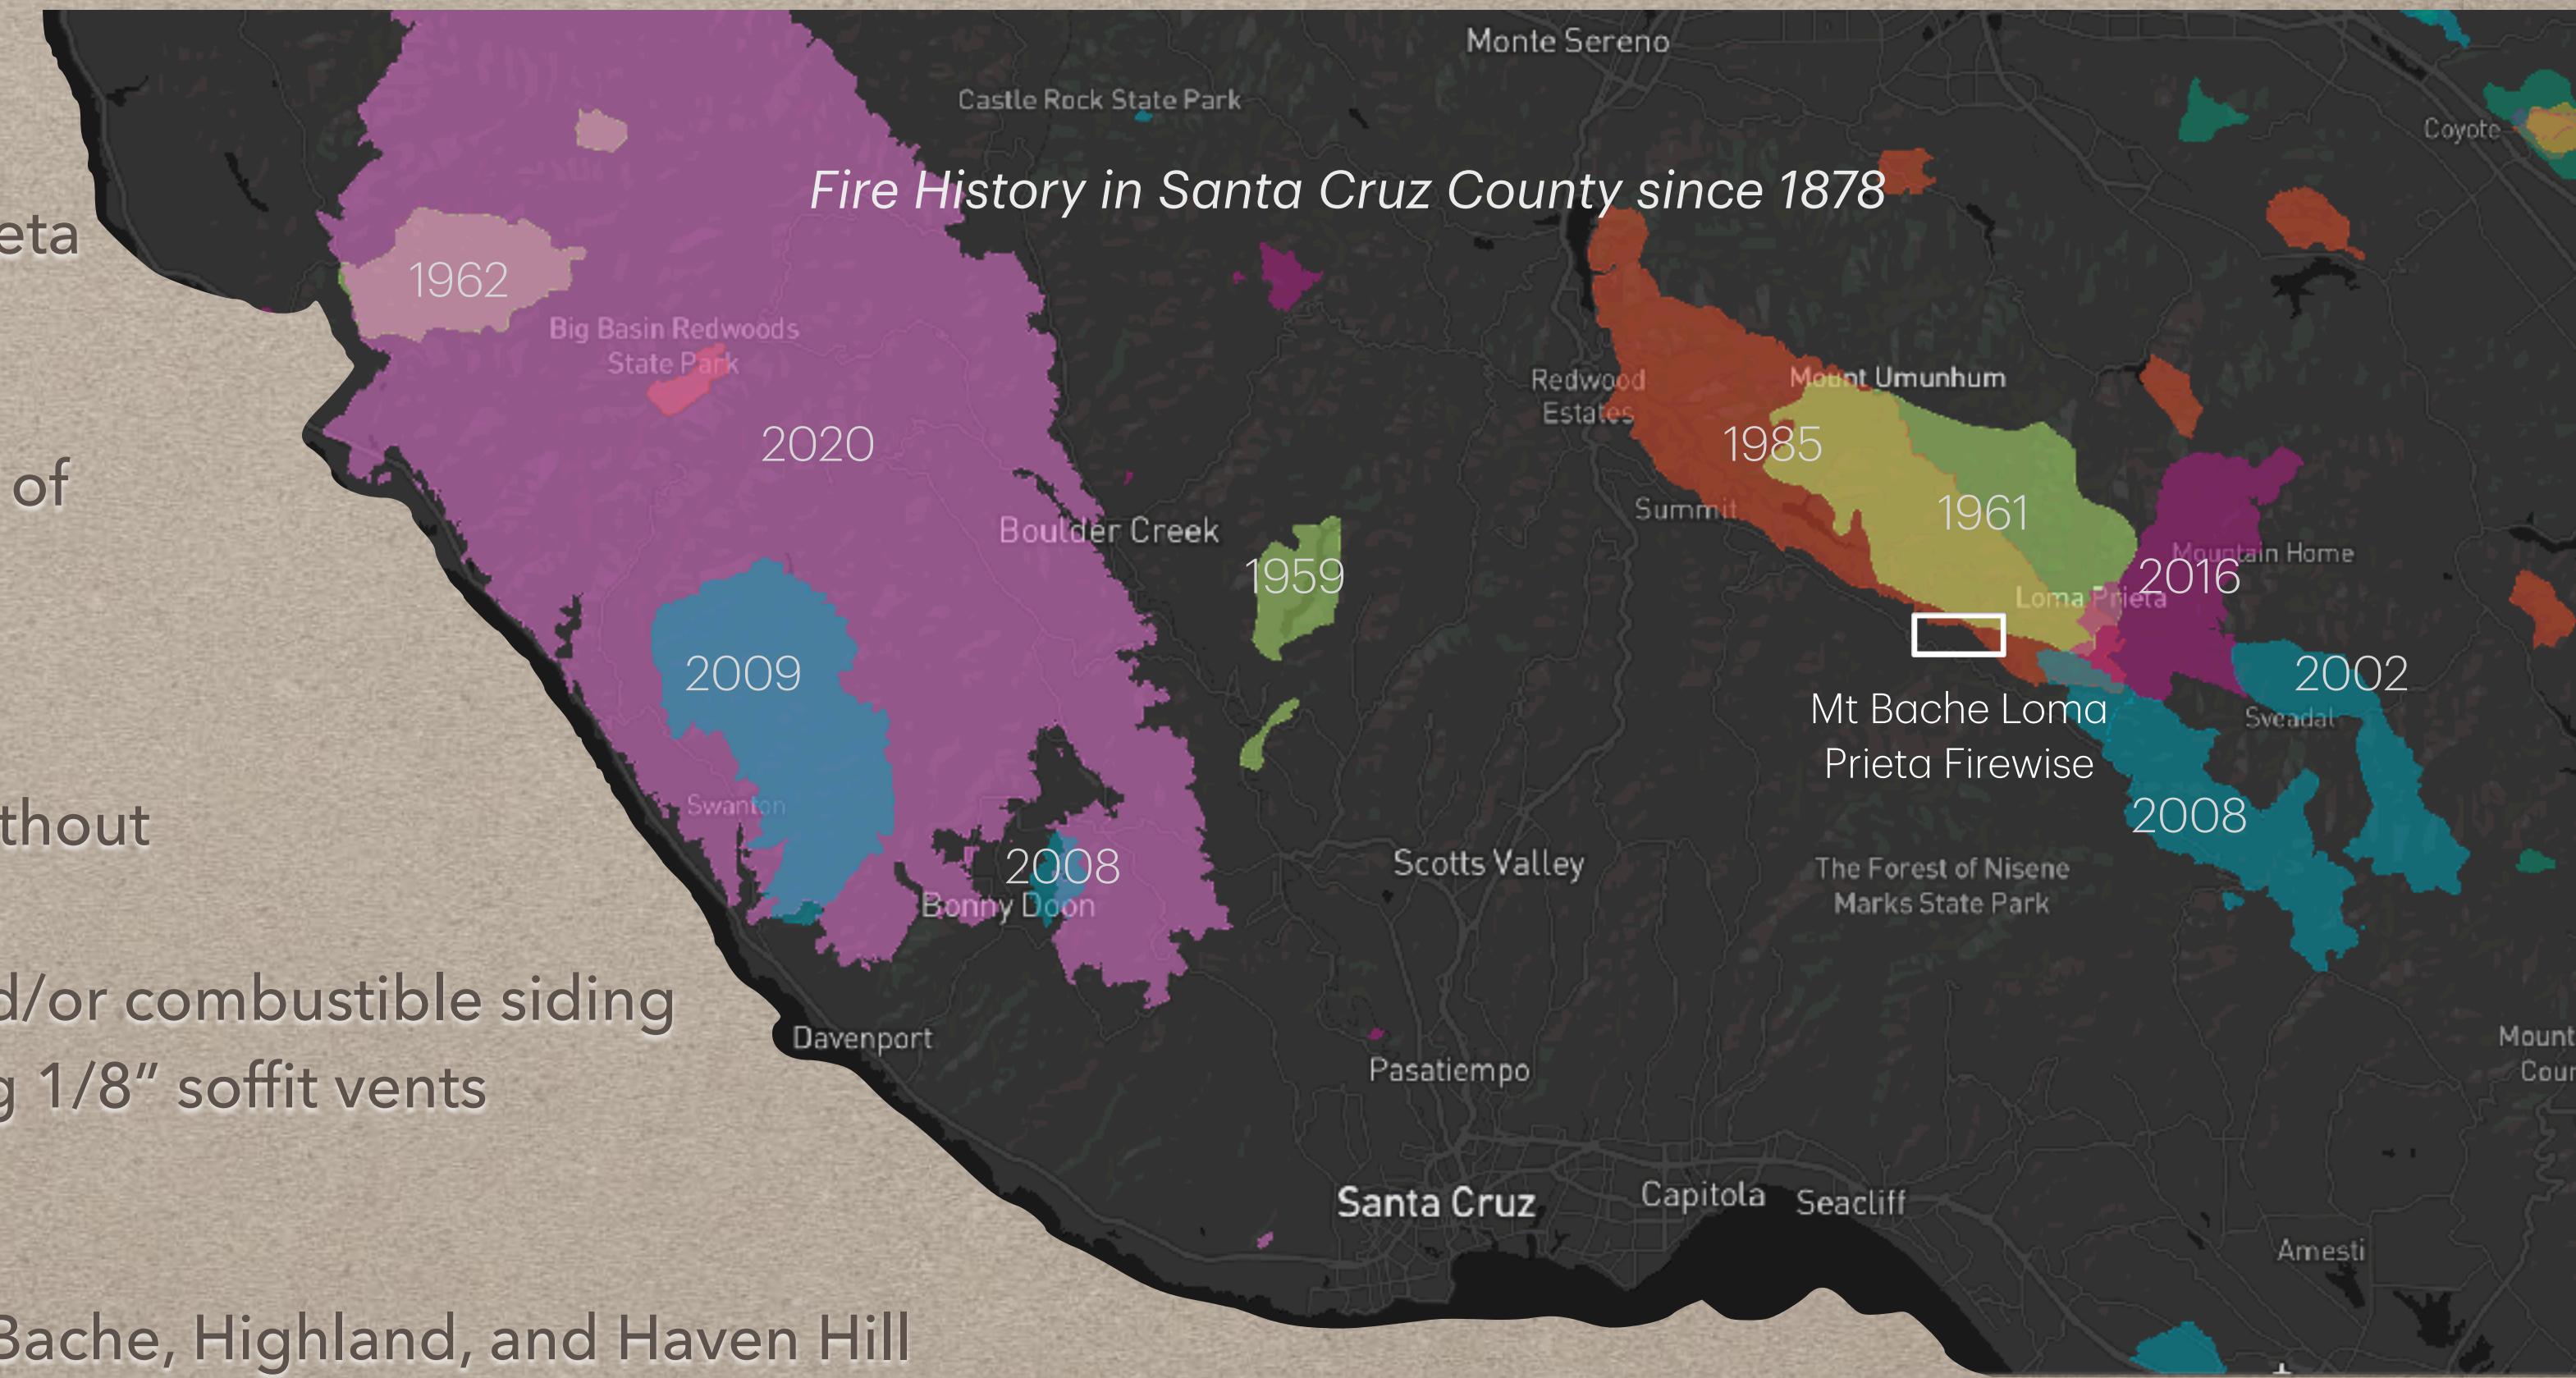

- Recorded Investment of \$202,279 in 2024!
- Remember to log your hours and dollars spent on home hardening, landscaping, defensible space, wildfire education, and wildfire evacuation planning:
See Document My Firewise Activities at <https://winkleramy.github.io/Firewise/>

Household Name	Address	Date	Activity Type	Hours Spent	Dollars Spent	Brush Removed in Cubic Yards (Approximate as best you can)	Brush Disposal
[Example] Smith	123 Mt Bache	1/1/2025	Brush Removal	6	\$0.00	0.96	Removed
Cappello	25995 Mar Vista Ct	1/2/2025	Brush Removal	6	\$0.00	2	Reused as mulch
Bjorge Zonin	25526 Mt Bache	1/29/2025	Brush Removal	6	\$0.00	5	Removed
Bjorge Zonin	25526 Mt Bache	1/29/2025	Home Hardening	1	\$0.00	1	Dispersed
Winkler	25665 Mt Bache	1/30/2025	Home Hardening	3	\$0.00	1	Removed
Winkler	25665 Mt Bache	2/11/2025	Brush Removal	8	\$1,250.00	10	Dispersed
Winkler	25665 Mt Bache	2/22/2025	Educational Event	2	\$0.00		
Winkler	25665 Mt Bache	3/4/2025	Educational Event	3	\$0.00		

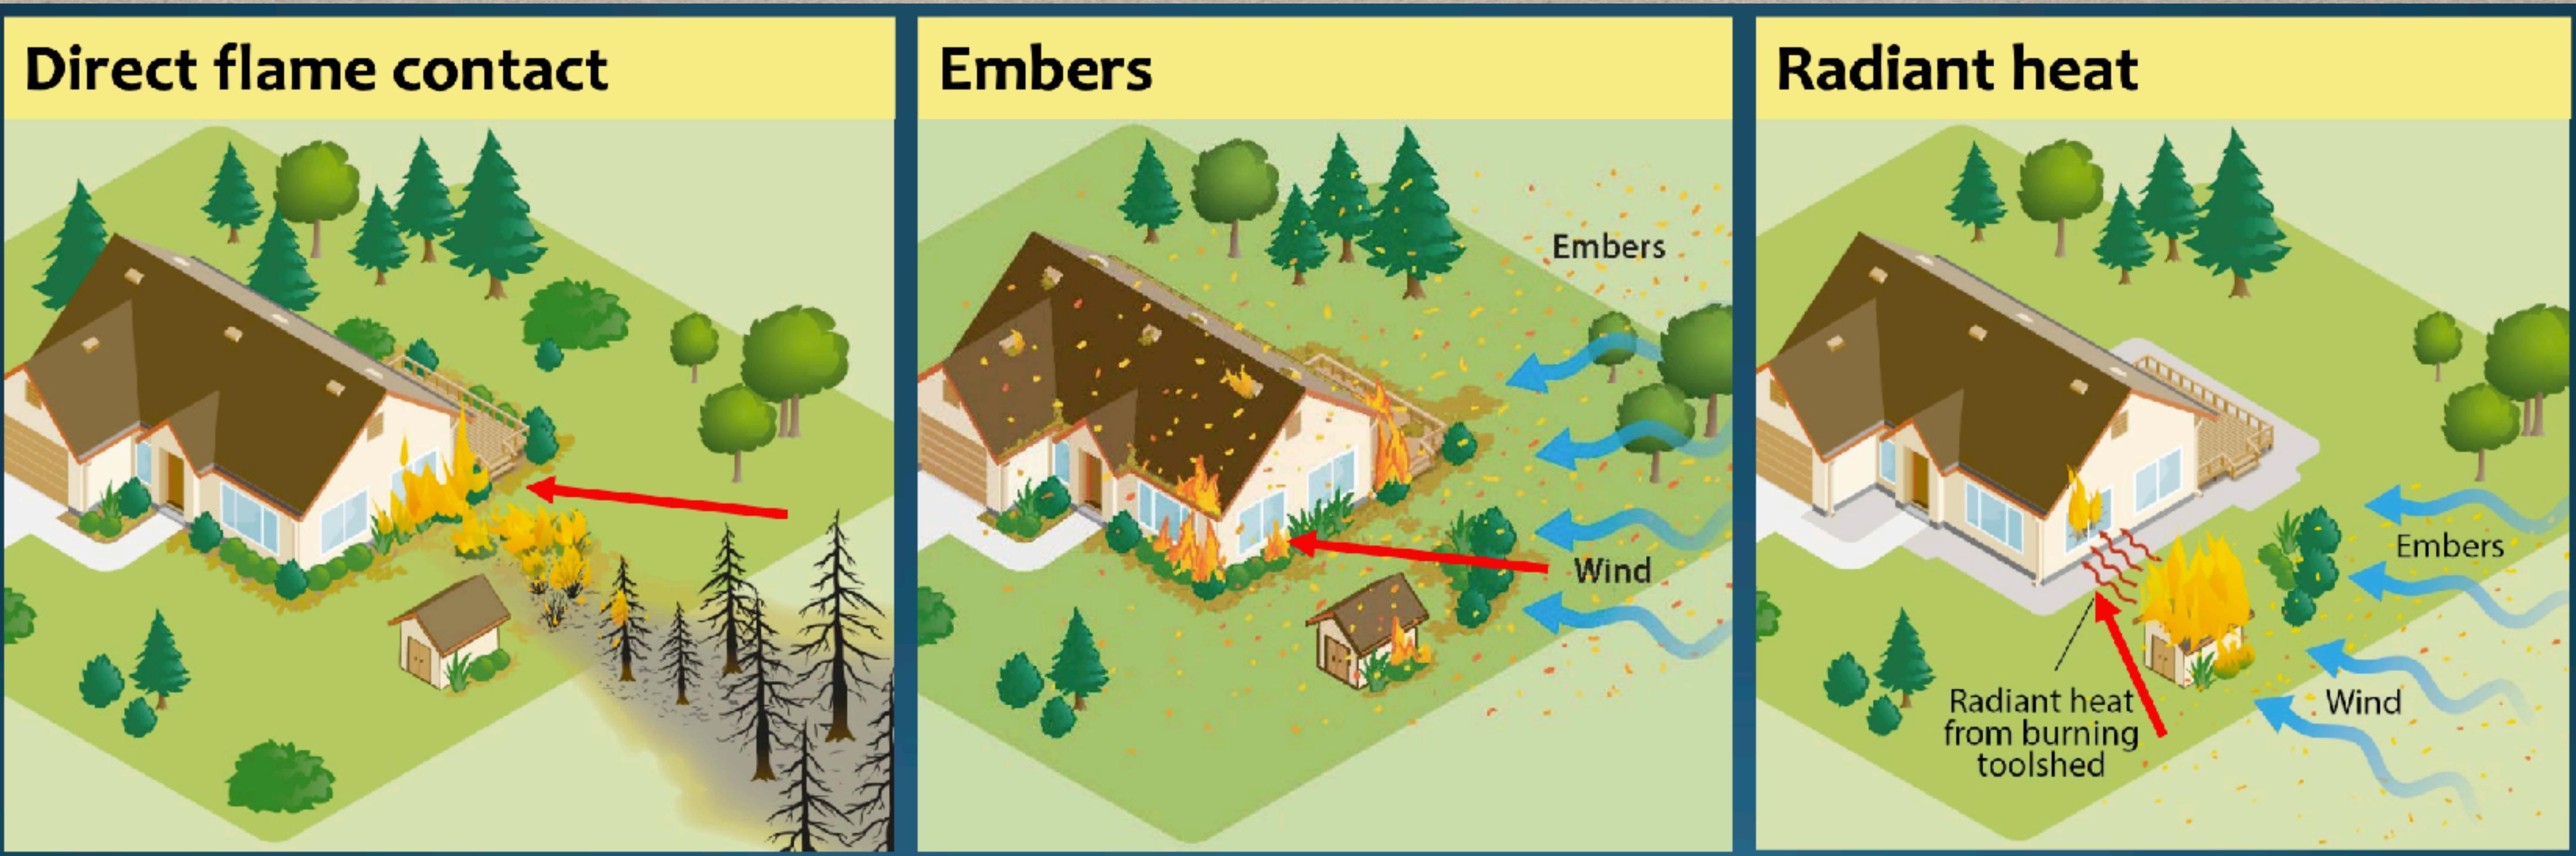

OUR SHARED RISKS

- History of Fire coming from over Loma Prieta Ridgeline
- Accumulated fuels to our south, just north of Soquel Demo Forest
- Ignition from Flying Embers:
 - 70% homes exposed from underneath, without ember-resistant skirting
 - 50% homes with combustible decking and/or combustible siding
 - 23% homes with exposed eaves or lacking 1/8" soffit vents
- Evacuation Routes:
 - Significant roadside vegetation along Mt Bache, Highland, and Haven Hill
- Emergency Service Access:
 - Non-reflective residential address number signage
 - Private fire hydrant visibility and maintenance
 - Propane tanks and polymer water tanks within 10' of combustible debris

RECOGNIZING FIRE RISKS

Straightforward to identify and fight by emergency personnel

Defensible Space strategies, e.g. fire breaks, ladder fuel reduction

90% of homes lost to wildfire are due to wind-blown ember ignitions!

Zone 0 strategies, e.g. remove combustibles within 5'

Fire-resistant windows: <https://firesafemarin.org/harden-your-home/fire-resistant-windows/>

Zone 1 strategies, e.g. remove wood piles and auxiliary structures within 30'

ACTION PLAN 2025 | EDUCATION & OUTREACH

- Share our website url for Information and Resources: <https://winkleramy.github.io/Firewise/>
- Distribute Prepared-Not-Scared Fliers, Evacuation Information door hangers, and other educational materials
- Encourage residents to visit <https://firesafemarin.org/harden-your-home/> to practical home hardening guidance
- Encourage residents to sign up to Watch Duty, Pulse Point, CruzAware for emergency notifications and to our community WhatsApp Group
- Send reminders about Santa Cruz County's Chipping Program in the Spring and Fall
- Set up a Firewise Informational booth at Fire Department's BBQ in June

ACTION PLAN 2025 | HOME HARDENING

- Encourage residents to take CAL FIRE's home self-assessment and implement low-cost retrofit options listed:
<https://www.fire.ca.gov/home-hardening>
- Encourage participation in the free Home Ignition Zone Assessment program
Poll participation annually
- Send seasonal reminders to clear out gutters and debris under homes and decks, around propane and water tanks
- Encourage storing combustible patio furniture and cushions and moving any propane cylinders 30' away from structures when away from home or during an evacuation

ACTION PLAN 2025 | FUEL REDUCTION

- Share information on driveway vegetation management, for emergency services vehicle access
- Scope roadside vegetation management along Mount Bache and Haven Hill, e.g. cut down low-lying shrubs, limb trees up 6-8' within 10' of road
- Send reminders to weed whack and clear shrub grown and ladder fuels at end of the rainy season
- Assess need for larger scale fuel reduction post-winter season
- Share Invasive Plant Removal Calendar: http://rcdsantacruz.org/images/brochures/pdf/InvasivePlantRemovalCalendar_022309.pdf
- Scope creation and maintenance of shaded fuel break along ridgeline

ACTION PLAN 2025 | WILDFIRE PREPAREDNESS

- Replace non-reflective address signs with 4" reflective address signs, available to Firewise communities at a discounted rate: <https://zayantefire.com/reflective-sign-program/>
- Clear 10' noncombustible zone around water and propane tanks
- Send reminder to test private fire hydrants annually
- Mark water tanks and fire hydrants with reflective blue dots and tape to increase visibility
- Share precise location of water tanks, pools, and fire hydrants with our steering committee for CAL FIRE reference on our Firewise Community Map: <https://winkleramy.github.io/MtBacheLomaPrietaPlus/map.html>
- Identify evacuation routes and drive annually to assess road conditions
- Encourage horse property owners to check out Equine Evacuation emergency services
- Recruit Pod Leaders for Haven Hill, Rancho Prieta, and Loma Prieta to facilitate communication during an emergency

COMMUNITY EVENTS 2025

- Meet & Greet Social - Spring
- Booth at Fire Department BBQ - June
- End of Summer Social - Fall
- Materials to Share at Events:
 - Business cards with website url
 - Large Community Map Printout, on cork board with pushpins for marking additional resources
 - Wildfire preparedness fliers (prepared-not-scared, etc.)
 - Checklist 2025

ACTIVE PARTICIPANT CHECKLIST 2025

- Install or sign up to Watch Duty, Pulse Point, and/or CruzAware for emergency notifications
- Join neighborhood WhatsApp group for emergency correspondence
- Sign up for a free Home Ignition Zone assessment through the Santa Cruz County Fire Safe Council
- Install recommended reflective address sign (4" retroreflective numbers on reflective green background)
- Test any private fire hydrants
- Share precise location and capacity of water tanks, pools, fire hydrants, or other water sources for Community Map Project
- Practice driving alternate evacuation routes, e.g. Loma Prieta Ave to Summit Road and Highland Way to Eureka Canyon Rd into Corralitos
- For horse properties, check out Equine Evacuation emergency services
- Complete at least one educational activity for wildfire preparedness
- Log at least one hour or \$31.80 dollars spent on home hardening and defensible space

GET INVOLVED! HELP GROW OUR COMMUNITY

- Log your hours and dollars spent on home hardening, landscaping, defensible space, wildfire education, and wildfire evacuation planning:
See Document My Firewise Activities at <https://winkleramy.github.io/Firewise/>
- Share our Firewise Community website with neighbors and encourage participation:
<https://winkleramy.github.io/Firewise/>
- Contribute to our Community Map Project by sharing information about water resources on your property:
<https://winkleramy.github.io/MtBacheLomaPrietaPlus/>
- Coordinate with neighbors to participate in Spring or Fall Santa Cruz County Chipping Program
- Volunteer as a Pod Leader
- Volunteer to scope Roadside Vegetation Management along Mount Bache or Haven Hill
- Share Contractor Experiences
- Share Tools or Resources

STRETCH GOALS

- Form 501(c)(3) to Apply for Grants offered by CAL FIRE, Santa Cruz County, and the State of California
- County Road Advocacy and Alternative Maintenance Options
- Community Microgrid
<https://www.pge.com/en/save-energy-and-money/rebates-and-incentives/community-microgrids.html#accordion-3ef283978b-item-43e32b5667>
